

RUMORS OF SETTLEMENT

Denied by Men's Leaders,
Encouraged by Railroad

CONFERENCE IS STILL ON

Presidents of Two Unions Stated Last
Night They Had No Knowledge of Set-
tlement Having Been Arrived At.

Q. T. Freight Moves To-Day

Toronto, Ont., Aug. 2.—Rumors are current here and in Montreal to-day that the strike of the conductors and trainmen on the Grand Trunk railroad has been settled. In Montreal it was given out at the company's offices that the strike would soon be called off. The men's representatives, however, deny there is peace. President Hays of the Grand Trunk and the strike leaders are still conferring to-day.

Montreal, Aug. 2.—Persistent rumors were about last night that a settlement of the Grand Trunk strike had been reached, and the belief heightened when an official statement was issued by the Grand Trunk railroad, containing the following paragraph:

"It is believed that an agreement has been reached, but details have not yet been given out."

President Carleton of the conductors and President Lee of the trainmen last night issued the following signed statement:

"We have no knowledge of any settlement having been arrived at. The best proof of this is that the strike has not been declared off, nor will it be until we have that knowledge and have concurred in it."

Grand Trunk Moving Freight.

Buffalo, N. Y., Aug. 2.—Protected by troops the Grand Trunk railroad is slowly relieving the jam of freight at the Bridgeburg yard, and for the first time in 15 days trains are being made up and moved across the river from the American side.

NEAR TIME LIMIT FOR GETTING CHARLTON

Italian Government Will Have to Ap-
ply Before Midnight, but Such a
Course Is Not Considered
Likely.

New York, Aug. 2.—The forty days allowed the Italian government under the treaty to make a formal demand for Porter Charlton, had in Jersey City for the murder of his wife, at Lake Como, will expire to-night at midnight. No request has been received, and it is believed that none will be received. Three courts are open to the attorneys retained by Judge Charlton for his son. The first is simply a demand for freedom, the second for habeas corpus and the third the institution of insanity proceedings.

It is believed that Judge Charlton will ask that Porter be sent to a state institution for the insane or be delivered to him for confinement in a private mad-house.

THEY ARE DEMAGOGUES

Who? Why, Ballinger's Enemies, of
Course; He Says So.

St. Paul, Minn., Aug. 2.—In an interview last night, Richard A. Ballinger, secretary of the interior, bitterly arraigned his enemies as "demagogues" and charged that not only are they seeking to make a scapegoat of him, but that they are also trying to foment trouble between President Taft and Theodore Roosevelt.

"Pinchot, Garfield and that bunch have been after me, trying to make a scapegoat of me. The president and I have done all we could to make this administration a success. The president is heartily in favor of a rational conservation and so am I."

"There are a lot of demagogues that would like to see a breach force" between Theodore Roosevelt and President Taft. It's just the way of things. But President Taft has been wise. He has taken a broad and liberal stand for constructive and upbuilding policies. There's too much lying about this conservation. There are certain fanatics who would lead us to believe that we won't have enough timber left to kindle a fire in the next generation and not enough coal left to keep it going."

"Why, they are deluding the people of the East, absolutely fooling them. They employ figures with recklessness. They tell the country that their resources are about gone. They suggest all sorts of absurdities."

SLAP AT CURTIS.

National Council of Aero Club of America
Renders Decision.

New York, Aug. 2.—The national council of the Aero Club of America, which met yesterday to consider the protest of Charles K. Hamilton against Glenn H. Curtiss, announced last night that a resolution had been adopted declaring the sanction of the club to any aviation meet not open to all qualified and licensed aviators.

Although no mention is made of either Curtiss or Hamilton, the resolution is generally interpreted as a slap at Curtiss.

In his protest Hamilton charged that representations made by Curtiss to the management of the Harvard aviation meet caused the management to refuse his entry.

This conduct he denounced as un-sportsmanlike and un-American. In fact, the national council now rules that Glenn Hamilton's entry is accepted the Harvard aviation meet will not be sanctioned, and no records made there will be considered official.

The usual midweek dance at the Howland hall Wednesday evening after the band concert; Bruce's orchestra of eight pieces. Admission, cents 50c, ladies free.

MYSTERIOUS SHOOTING OF PITTSBURG DOCTOR

Woman Found Beside Dr. George Mur-
ray Had a Bullet Wound In the
Temple and Was Also
Dead.

Pittsburg, Pa., Aug. 2.—Dr. George Murray Stewart, one of the most prominent young physicians of the fashionable East liberty district, was found shot dead in his apartments at 3024 Pennsylvania avenue at 11 o'clock last night, and beside him lay the body of Edna Wallace, a middle aged woman. A shot through her right temple was apparently self-inflicted, after she had killed the doctor.

The double killing came almost on the eve of Dr. Stewart's marriage to a Virginia belle. The Wallace woman is proprietress of a house at 222 Lambert street, and the police believe that jealousy of the doctor's coming marriage prompted the double tragedy. The woman's body was removed to the morgue and that of the young physician was turned over to an undertaker.

Both bodies were found in bed. The police believe the shooting occurred late Sunday night or early Monday morning. Dr. Stewart was a graduate of the College of Physicians and Surgeons of Baltimore. He was but 27 years old, and although in practice here but three years, he had become well known, having succeeded to a large practice held by his uncle, Dr. E. S. Stuart.

Stuart was to have been married August 10.

URGE LENEVE GIRL TO TELL HER STORY

Companion of Dr. Crippen Is Treated
As a Guest—Will Probably Be
Chief Witness Against Crip-
pen.

Quebec, Aug. 2.—That the Leneve girl will be the principal witness against Dr. H. H. Crippen, is the growing conviction here. The police are using every means to urge her to tell the story, but the "third degree" methods are tabooed by their way of working on her. The police do not think that she had an actual hand in the killing of the person whose body was found in the cellar of Crippen's house in London, but they believe that she knows all.

Miss Leneve is being treated as a guest in the house of police Chief McCarthy. Dr. Crippen is still kept in a cell, and no one is allowed to talk to him.

Faced through a curious crowd like a battered human wedge, Crippen was taken before the provincial court of special sessions yesterday, where he was formally questioned as to his identity and notified that he was under arrest for the murder of an unknown woman.

Rounding him to Aug. 8, was purely perfunctory for he and his companion, under the fugitive offender act, must remain here at least fifteen days. So on the 8th he will likely be remanded again until the 15th and the first available vessel for England will not depart until three days later.

By that time another detective from Scotland yard will have arrived bringing a formal application for extradition, although this application probably will not be necessary in view of the accused man's declaration that he will raise no obstacles to check his return.

Sergeant Mitchell, who brings the application from London, will aid Inspector Dove in taking the prisoner back for trial.

HAPPY OVER ARRESTS.

Belle Elmore's Half Sister Called to
London As Witness.

Newport, R. I., Aug. 2.—Mrs. Robert Mills, a half-sister of the late wife of Dr. Hawley H. Crippen, has been asked by the Scotland yard officials to go to England for the trial of Dr. Crippen.

She has not been informed just what they expect to get from her, but she is willing to accede to their request and is preparing to leave Newport.

She states that she will probably go to England by way of Quebec, stopping to see Dr. Crippen and Miss Leneve en route.

Mrs. Mills was happy yesterday over the news of the arrest of the couple, and made no effort to hide the fact.

DEBARS ACTING MAYOR.

Opinion Rendered by City Solicitor of
Lawrence.

Lawrence, Mass., Aug. 2.—At a special session of the board of aldermen last evening the city solicitor D. J. Murphy gave it as his opinion that a member of the present city government may not legally be elected to succeed Mayor William T. White, who, after being sentenced to the house of correction for three years for conspiracy to bribe, resigned his office.

The decision, if upheld, would mean that Alderman Thomas M. Jordan, at present acting mayor, who is one of the leading candidates for the place, would be ineligible.

After hearing the opinion of solicitor Murphy, the aldermen voted to request the acting mayor to call a joint session of the aldermen and councilmen for next Monday evening to elect a mayor, but there is some question as to whether or not this will be done. For the council has adjourned for the summer, and it would be almost impossible to secure a full attendance of the board.

There is also a belief that Alderman Jordan may carry the matter of his eligibility to run for mayor to the courts, which would necessitate delay.

VERMONT CENSUS COMPLETED.

All the Schedules Have Been Sent to
Bureau in Washington.

Burlington, Aug. 2.—The census of Vermont is completed and all the schedules have been sent to Washington. Vermont was the last state to be heard from, as the first enumeration papers were burned in a fire in Barre. There were 294 districts in the state and as many enumerators, all of whom did good work. Miss Rachel Wisell, chief clerk and stenographer, will remain with Supervisor L. V. Hays to complete some of the detail work.

SEARCH WOODS FOR FUGITIVE

Braintree, Mass., Posse Fol-
lows a Restelli Clew

FURNISHED BY BOY TODAY

John Reardon Says a Man Came Out of
Woods and Asked for Food and Wa-
ter and He Thinks the Man
Was Quincy Murderer.

Braintree, Mass., Aug. 2.—Armed with rifles, 500 men are surrounding the Hatch woods, while the local police and even officers from Quincy are beating the bushes for Louis Restelli, who killed his mother and Henry E. Hardwick and injured three others in Quincy last Friday afternoon. The alarm was given by John Reardon, a boy who reported to the police that a man who looked to be Restelli came to the edge of the Hatch woods this noon and asked for water and food. The man told the Reardon boy that he had been without either food or water for two days. A posse was hastily gathered and with the police the pursuit of the supposed Restelli was started.

BROOKLYN MAN FEARS RESTELLI MAY KILL HIM

Walter Clancy, Monument Dealer, Gets
Telegram Warning Him That
Restelli Is After
Him.

New York, Aug. 2.—Walter Clancy, the owner of a Brooklyn stone yard, asked police protection yesterday for himself and his home from Louis Restelli, who is still at large, although he killed his mother and his friend, Henry Hardwick, and wounded his brother and two other men on Saturday last in Quincy, Mass.

Clancy recently bought \$3,000 worth of granite from Restelli, and he has received a telegram warning him that the madman has sworn to kill him and is now on his way to New York. The name signed to the telegram was not given out.

Afraid Restelli May Return.

Quincy, Mass., Aug. 2.—A few false clues were the only sensational events yesterday in search for Louis Restelli, who is sought on the charge of murdering his mother, Mrs. Marianne Rose Restelli, and Henry E. Hardwick last Saturday.

Many people in the neighborhood with whom Restelli had business are afraid that he may return and do violence to them, and a sharp watch is being kept by the officers.

ASKED BALLINGER TO RESIGN PLACE

That Is the Story Concerning Secretary
Crane, and It Is Given Out
on the Highest Au-
thority.

Reverly, Mass., Aug. 2.—It was learned on the highest authority here to-day that when Senator Crane of Massachusetts "accidentally" met Secretary of the Interior Ballinger in Minneapolis yesterday he did so by design of Republican leaders, and with the tacit permission of President Taft asked Ballinger to resign in October, soon after his expiration by the Ballinger-Pinchot congressional committee, which will whitewash him, in the middle of September. It is stated that Taft feels delicate about asking Ballinger to quit, and that Crane has been deputed to present the Seattle man the ultimatum. At the executive offices here, it is said that Crane has no engagement with the president, but it is known that he is one of the few who are always received, and his half-demeanor is taken as really confirmative.

Secretary Norton, when asked as to the Ballinger-Crane story, refused to either confirm or deny it. He declared, however, that he knew more of the matter than the president and has joined with the Republican leaders in the effort to retire Ballinger and at the same time save Taft's face.

TO PROTECT ALFONSO.

Important Steps Are Being Taken In
Paris To-day.

Paris, Aug. 2.—Prefect of police Lenoire, is taking every possible precaution to guard the lives of King Alfonso and Queen Victoria, when they arrive to-night, en route to England. The royal pair lunched as guest of President Fallieres to-day at Rambouillet. They will arrive here to-night and stop at the hotel Gauric till Wednesday. Paris is alive with Spanish refugees, and to prevent attempts at assassination, Alfonso and Victoria will be literally surrounded by police and soldiers every hour of their stay in Paris.

NOT COMING TO VERMONT.

President Taft Gives His Reasons to
Secretary Forbes.

St. Albans, Aug. 2.—In declining the invitation to come to Vermont this fall as the guest of the Vermont Historical society, President Taft wrote Secretary Charles S. Forbes as follows:

Beverly, Mass., July 29, 1910.

My dear Mr. Forbes:

I find a condition confronting me which requires me to rearrange my program for the fall between the first of September and the first of December, when Congress meets. The very great number of important legislative acts of the present Congress have imposed upon me additional executive duties requiring a great deal of investigation and administrative supervision and work. So much is this the case that I have come to the conclusion, and this only after the fullest consideration, that I can not make certain engagements which I hoped to make, and that I must cancel a number of engagements which I was glad to make at a time when I could not anticipate the extent of the present burden of official duties for the fall.

One of the very great executive responsibilities of my administration is that of the Panama canal. I hold a rapid and efficient development, and a prompt completion of this great enterprise to be of the highest national importance. Experience has shown that nothing stimulates the work so greatly as a visit by the president. For this reason I expect to take twenty days out of the month of November in going to the isthmus and personally inspecting the progress which has been made there, and settling some questions of importance to the administration that await my coming.

This makes it imperative that I keep free the remainder of the time between this date and the convening of Congress for the purposes indicated above. I did not make a definite engagement to attend the annual meeting of the Vermont Historical society, I fully expected to do so, and I regret to now advise you that I shall not be able to go to Vermont.

Sincerely yours,

William H. Taft.

Mr. Charles S. Forbes, Secretary,
Vermont Historical Society,
St. Albans, Vt.

AUTO PARTY DITCHED.

Six People Thrown from Car but All
Escaped Injury.

Ile La Motte, Aug. 2.—Col. and Mrs. Henry O. Clark and two daughters of East Orange, N. J., and Mr. and Mrs. Oron Hwey of Milton had a narrow escape from serious injury last Saturday while on their way in an automobile to the residence of ex-Lieut. Gov. N. W. Fisk. All six of the occupants were thrown from the machine but beyond a severe shaking up, no one was hurt. The machine was driven into a ditch and the forward wheels as well as the axle were ruined.

The accident took place near the residence of E. S. Flury, near La Motte. The machine was being driven at a good rate of speed with Mr. Hwey steering, when a sharp curve was encountered. It was impossible to make the turn and the automobile crashed into the ditch, throwing all of the occupants out.

At ex-Lieut. Gov. Fisk's home yesterday were Gov. and Mrs. G. H. Prouty, Mayor and Mrs. Aaron Groat, and the members of the automobile party. Governor Prouty and ex-Lieut. Gov. Fisk were planning to go to Burlington to-day to attend the meeting of the Lake Champlain Historical association tomorrow at Crown Point.

HUNDREDS FLED FROM BURNING MILLS

Damage of \$35,000 Was Done to Car-
pet Plant of J. E. Cochran in Ded-
ham, Mass., To-day, a Few Girls
Were Overcome.

Dedham, Mass., Aug. 2.—Fire damage of \$35,000 was done to the carpet mills of J. E. Cochran to-day. There were 400 men, women and girls employed in the mills at the time, and all escaped although a few girls were overcome by smoke and were carried out. The fire destroyed so much of the plant that 300 of the workers will be thrown out of work.

WORKERS ARE WALKING.

Are Not Patronizing Rutland Street
Railroad at Present.

Rutland, Aug. 2.—The striking street railway motormen and conductors here, who quit their jobs Saturday because the Rutland Railway, Light & Power company refused them an increase in pay of five cents an hour and recognition of their union, arranged yesterday afternoon to run public conveyances in opposition to the trolley company.

The strikers have many sympathizers and the cars, although run regularly by strike breakers, were very little patronized. Scores of people who live out of town but work here were greatly inconvenienced by their refusal to patronize the cars and the strikers announce that they will run a large to and from West Rutland and this city daily, beginning to-day, to accommodate working people. An effort will also be made to run three seated cars around the trolley line in more city rates for passengers being the same as fares charged by the street railway company.

JOE GANS DYING.

Victim of White Plague Starts for Bal-
timore to See Mother.

Prescott, Ariz., Aug. 2.—Joe Gans, the former lightweight champion, who has been in this city for months critically ill with consumption, left here last night for his old home in Baltimore. His physical condition is unchanged. Just before taking the train Gans said: "I know that I am going to die, and for the time I am getting weaker day by day. I want to see mother and the two children in Baltimore before I die. I did not realize my condition. My last two fights broke down my constitution and made me an easy victim of consumption."

Miss Eva Brown of Middlebury, who was taken sick while on a visit at the home of J. A. Oreswell in South Barre, was taken to the City Hospital this afternoon in B. W. Hooker & Co.'s ambulance.

MAN DEAD IN RIVER

Horace D. Robins Drowned
at Montpelier

IN WORCESTER BRANCH

Aged Man Was Missed from House
Where He Lived and Search Re-
vealed Body Floating in Wa-
ter—Probably Accidental.

Horace D. Robins, aged 92 years and a veteran of the Civil war, was drowned in the Worcester branch, just outside of Montpelier yesterday afternoon, his body being found at 1:30 o'clock by members of the family of Addison Minnott, with whom he lived. The body was found near the home of J. C. Finn, and it is supposed that the aged man was out cutting willow sticks for making rustic chairs. He was accustomed to spend some time fashioning the willow into rustic furniture, and the searchers found some sticks which he had evidently cut.

As he was partially blind it is possible that he stepped off the bank of the river and being somewhat infirm was not able to pull himself out or summon help. The Minnott family, with whom he had lived for a year and a half, thought he was lying down in his room, and when a glance there failed to locate him they went at once to his river bank, and Chaucey Minnott, the youngest son in the family, soon located the body in the river. Dr. William Lindsay, the Montpelier health officer, was summoned, and he found that life had been extinct some time.

Mr. Robins leaves no relatives so far as known, his family being buried at Potsdam, N. Y.

COULDN'T SAVE MAN.

Carpenter Who Tried to Save Suicide
Nearly Exhausted.

Pawtucket, R. I., Aug. 2.—Unable to save the life of Peter Diette, 27 years of age, who jumped into the Pawtucket river here yesterday, Joseph Charette, a carpenter, was pulled out of the water in an exhausted condition.

Diette had been standing on the Main street bridge, watching a gang of carpenters at work on a new building. Hearing a shout, Charette turned around just in time to see Diette disappear beneath the surface of the water.

Charette dropped his work and dove into the river, but was unable to assist in rescuing Diette, because he was hampered by his water-soaked clothing and pockets full of nails. The body of Diette was recovered. Why he committed suicide is not known.

to Ship Channel.

Salem, Mass., Aug. 2.—While attempting to cross the upper end of Salem harbor from Forest River park to Marblehead at low tide yesterday, William Lavoie, 11 years of age, got beyond his depth and was drowned.

The boy started out to cross the harbor in water about up to his waist and walked right into the ship channel without realizing that he was going beyond his depth.

The boy was the son of Mr. and Mrs. Archille Lavoie, of 34 Prince street, Salem.

VT. HEALTH OFFICERS MEET IN MONTELIER

Holding 12th Annual Session—Gov.
Prouty Couldn't Attend At Open-
ing and Lieut. Gov. Mead
Couldn't Get There.

The Vermont school of instruction for health officers is holding its 12th annual session in the Kellogg-Rubland library hall in Montpelier, it having been opened last night to continue through Thursday. The school was also held in Montpelier last year.

Dr. C. S. Caverly, president of the state board of health, presided at the opening session. The attendance of health officers was large for the first meeting and the citizens of Montpelier were well represented.

An address of welcome was given by Mayor Frank R. Dawley, to which President Caverly responded. Dr. Caverly also read a paper on "How May This School Best Promote the Health Interests of Vermont."

Gov. G. H. Prouty was on the program for an address but he was unable to be present. He had arranged with Lieut. Gov. J. A. Mead to take the place, but owing to bad railroad connections in Burlington, Dr. Mead got no farther than that city. H. L. Stillson, health officer of Bennington, read a paper on "Advancement in Sanitary Science in the Past 25 Years."

Minnott, chairman of the county committee, presided and every town but two was represented. N. D. Phelps of Barre, state Republican committeeman from Washington county, State Treasurer E. H. Deavitt and most of the Republican candidates for county offices were present and expressed their views. While no definite action was taken each member of the committee gave the sentiment of the town he represented in regard to rallies and a speaking campaign. The county committee will work in harmony with Mr. Phelps, and the committee will be called together again later in the month.

EAST MONTELIER CAMPMEETING.

Ninth Annual Session Opens Next Fri-
day for Ten Days, Aug. 5-14.

On Friday of this week the campmeeting at East Montpelier will open. The session will continue for ten days, Aug. 5-14. This camp has been conducted each summer for nine years by the East Montpelier Evangelical campmeeting association. It has enjoyed a steady increase in attendance and interest, and results have been quite satisfactory. The aim of the association has been to promote the spiritual welfare of the community.

Throughout its existence the society has been very fortunate, and during the past year it has purchased the grounds, consisting of 12 acres, at a cost of \$450. The grove is high on the bank of the Winooski river, where air is always clear and cool, and is but ten minutes' walk from Fairmont, the Montpelier & Wells River railroad station at East Montpelier.

Rev. D. F. Burns of Cambridge, Mass., presiding elder of the Boston district of the New England Evangelical conference, is in charge, as president of the association. He will be assisted by Rev. F. L. Stevens, P. E., and wife, Rev. C. H. Hopkins and wife, Rev. L. W. Malcolm, Rev. G. H. Taylor and probably others.

Arthur F. Ingler, soloist, of Lowell, Mass., who was so well liked last year, is again announced to take charge of the singing. Preaching services are held daily at 10:30 a. m., 3:30 and 7:30 p. m., with prayer meeting at 9 a. m. These meetings are conducted in the tabernacle, which is something of a novelty, being sixteen-sided, and it will seat 600.

It has been necessary to erect a new stable this year, where teams will be well cared for. Good board and lodging may be obtained very reasonably at the boardinghouse on the grounds. Attendants are requested to bring pillows, sheets and blankets. Space is provided free for those who wish to pitch tents. Teams are on hand at the depot to carry passengers and baggage.

Several parties are already in camp and the outlook is very bright for this year's session. An invitation is extended to all to come and enjoy these services.

CURIOUS CROWD WATCHED

While Men Gave Illustration of How
Hungry Strike Breakers Can Eat.

The three strike breakers who arrived in the city yesterday and are working in the local yard of the C. V. were the cause of some disturbance at Pearl street last evening. The men were eating their supper in the Otis hotel when a crowd of curious men and boys began to collect and watch them. The crowd soon grew in such proportions that the street in front of the hotel was crowded. After finishing their supper the strike breakers went into the office and sat down. The crowd remained in the street for over an hour and until Chief Sinclair and several officers arrived and dispersed them. The boys in the crowd yelled "eat" at the men in the office and kept a continuous shouting. They resumed their work in the yard this morning.
